While the decrease in the Ooregum village and Champion Reefs was but slight, there was considerable decrease in the Ooregum Mine and Sorekaipet during the week under report. In the Tank Block in which there was increase last week, plague has begun to decline, while in Nandidrug the number of cases increased from 4 to 6 and at Upper Masikam from 2 to 10. The Special Plague Officer reports that the people of Sorekaipett, Upper Masikam and Kothur have gone into the fields and that those of Lower Masikam and Kallikothur are going out, that he has advised all the remaining villages to prepare themselves to camp out at a day's notice.

Coolies are reported to be returning in large numbers. The Special Plague Officer under whom the Plague Police has now been placed, is arranging for a regular cordon in the frontier to escort all arrivals by road from the infected localities on Vellore side.

The following statement shows the number of coolies working and the number of huts demolished, erected, &c., in the mining properties during the week :—

Statement showing the number of Coolies working in the several Mines for the week ending 12th May 1899.

Serial No.	Name of Mines.	Daily average No. of coolies working in ordinary times.	No. working during the week ending 5th May 1899.	No. working during the week ending 12th May 1899.	No. of huts demolished during the week as infected and insanitary.	No. of huts erected during the week.	No. of huts removed to new sites during the week.	No. of tenements disinfected during the week.	No. of huts erected since the beginning of the outbreak.	No. of huts demolished since the beginning of the outbreak.	No. of huts removed to new sites since the beginning of the outbreak.	No. of tenements made habitable since the beginning of the outbreak.	Remarks.

	Total ...	19,150	14,873	15,176	66	116	11	41	669	1,291	709	280	

There was an increase of 303 in the total number of coolies at work, there being during the week 15,176 coolies as against 14,873 in the previous week.

XVI. In the Mysore district, excluding the Mysore City, the number of indigenous cases increased from 5 to 13, 8 cases occurring in Balenhally, a village in the Seringapatam taluk and 5 in Balakavadi in the Malvalli taluk. The District Plague Officer reports that the former has been wholly and the latter partly evacuated.

Mysore City.

XVII. In the Mysore City the figures were as follows :—

	Plague cases.	Plague deaths.	Total mortality.	Normal recorded mortality during the same period.
For the week ending 21st April 1899 ...	26	18	51	31
For the week ending 28th April 1899 ...	24	19	63	31
For the week ending 5th May 1899 ...	17	16	57	29
For the week ending 12th May 1899 ...	23	18	55	28

There was an increase of 6 in the number of cases and of 2 in the number of deaths, while the total mortality decreased by 2.

XVIII. The total number of arrivals during the week was 2,130 as against 2,067; that of departures 1,536 as against 1,515, and the total population at the close of the week was 65,262 s against 64,695, showing a net increase of 567.

XIX. The figures for the Segregation camp were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week	11	1	9	...	3
Since commencement	...	591	556	32	3

XX. There were no first or second inoculations during the week. Two inoculated persons were attacked with plague during the week, of whom 1 died and 1 recovered; the total number of such persons attacked from the commencement being 163, of whom 116* died and 47 recovered.

XXI. The Hospital figures were as follows :—

	Remaining.	Admitted.	Discharged.	Died.	Remaining.
For the week ...	29	1	10	1	19
Since commencement	...	259	102	138	19

XXII. 25 houses were disinfected during the week as against 26 in the previous week, the total number of houses disinfected from the beginning being 2,512.

XXIII. 450 out-going passengers or a daily average of 64·28 were disinfected at the Mysore City Railway Station.

* Revised figures

Extract from the Diary of the Chief Plague Officer, Mysore, dated 15th May 1899.

* * * * *

There has been an increase in plague today in Krishnarajmohalla of No. 2 Ward, as many as 6 attacks and 4 deaths being reported from that Mohalla, but none elsewhere. This increase appears to be due to the recent heavy rain as the area now mostly infected is the lowlying and consequently damp portion of Fort Mohalla which closely borders on the Municipal division of Krishnarajmohalla, (outside the Fort Proper) and included in Krishnarajmohalla for the purpose of the No. 2 Ward division.
